

Oracle Hyperion Financial Management Administration

ORACLE | Partner

ORACLE NETSUITE
Solution Provider

brovanture

a fresh approach to
EPM & ERP success

Course duration:	2 days
Target audience:	Oracle Hyperion Financial Management (HFM) Admin Roles
Required:	Have your own/work laptop

Course Description

If you are an Administrator of the Oracle Hyperion Financial Management (HFM) application in your organisation, this refresher course will be a perfect knowledge boost, whether you're at the beginning of your path, or simply looking for 'tips & tricks' and advanced features information.

In this 2-day course, you will be fast tracked into HFM getting an understanding of its many features.

The course is geared toward being 'technical', working through examples and analysing common scenarios and best practices.

Expectations

After completing this refresher course, Administrators will have the knowledge to not only maintain their applications, but to develop new features, have more confidence supporting their end users, and overall have an in-depth understanding of the application.

Course Agenda

Day 1

- Overview of HFM
- Dimension overview
- Metadata management
- Intercompany reporting
- Oracle Financial Data Quality Management Extended Edition (FDMEE) basics
- Month end maintenance & best practice routines
- Financial Consolidation and Close in Oracle EPM Cloud demo

Day 2

- Rules & member list overview
- Data forms & grids
- Journal & journal wizard in Smart View for Microsoft Office (SmartView)
- Intercompany reporting
- Process control
- SmartView reporting
- Oracle Hyperion Financial reporting basics
